

1. Per-Annotation Pricing

- **Bounding Boxes:** \$0.02 – \$0.05 per object
- **Polygons:** \$0.04 – \$0.15 per object
- **Semantic Segmentation:** \$0.04 – \$0.50 per object
- **Key points:** \$0.010 – \$0.15 per object
- **Cuboids / 3D Boxes:** \$0.04 – \$1.00 per object
- **Text Entity Recognition:** \$0.015 – \$0.03 per entity

Note: Prices can vary depending on the complexity and quality requirements of the annotation task.

2. Per-Unit or Per-Minute Pricing

- **Image Annotation:** \$0.01 – \$4.00 per image
- **Video Annotation:** \$0.50 – \$7.00 per minute
- **Audio Annotation:** \$0.10 – \$7.00 per minute

Note: Higher complexity tasks, such as detailed semantic segmentation or multi-object tracking, tend to be at the higher end of the pricing spectrum.

3. Hourly Rates

- **General Annotation Tasks:** \$3 – \$5 per hour
- **Specialized Tasks (e.g., NLP, Medical Imaging):** Up to \$8 – \$10 per hour

Note: Hourly rates are often used for projects requiring specialized expertise or when the volume of data is variable.

Special Offer Applies For 100k and above datasets.
